PROFESSIONAL SUMMARY

Associate consultant with demonstrated expertise in problem-solving, strategic analysis, and decision-support for executive and board governance. Proven capability in cost and spend reconciliation, scenario forecasting, and variance analysis. Experienced in developing high-quality strategic planning artefacts, leadership papers, and governance reporting for regulated, asset-intensive organisations. Strong analytical foundation combined with ability to translate complex financial and strategic information into clear, actionable insights for diverse stakeholder audiences.

SKILLS

Technical

Financial analysis: cost/spend reconciliation against SAP S/4HANA, forecast vs. actual variance analysis, business-case modelling, budget and resource forecasting

Tools: Excel (INDEX/MATCH, VLOOKUP, SUMIF, pivot tables, conditional formatting, charting), Power BI dashboards, Jira Align, advanced PowerPoint, Word, Miro, Visio

Core Competencies

- Strategic and market analysis, scenario forecasting, options analysis, competitor and portfolio analysis
 - Executive and board-level reporting, decision-support papers, data visualisation
 - Stakeholder engagement across peers, SLTs, ELTs, and board forums
-

PROFESSIONAL EXPERIENCE

PMO Analyst | Optus — Portfolio Management

Nov 2025 – Present

- Identified \$257,000 in forecast-to-actual spend variances by reconciling cost data against SAP S/4HANA reporting, flagging and investigating each discrepancy with initiative owners to protect budget integrity.
- Co-led the FY26Q4 and FY27Q1 quarterly planning cycles across a 17-team, 485-resource portfolio, consolidating timelines, resource forecasts, and budget allocations into the approved portfolio prioritisation roadmap.

Associate Consultant | NCS Australia — Technology Advisory

Feb 2025 – Present

- Managed a business-case cost model supporting an ~\$700k multi-year investment, owning the inputs and assumptions and producing the options analysis and recommendation slides for stakeholder review.
- Assessed 20 content management systems against client KPIs for a regulated utilities client, narrowing the field to a single recommended solution.
- Supported a \$4M digital transformation for a national telecommunications client, working with the Salesforce Lead and Global Transformation Officer on delivery and business-development strategy.

Strategy Analyst | Pacific National — Strategy & Competitive Intelligence

May 2024 – Nov 2024

- Produced 6 monthly intelligence reports for executive leadership and the board, forecasting national haulage demand through macroeconomic scenario analysis and flagging risks across state and national economies.
- Tracked the 3 major players and 4 national rail corridors to map market share, identifying the highest- and lowest-performing corridors to guide medium-to-long-term expansion strategy.
- Researched freight and truck traffic across 6 major highways, giving the strategy team a clearer read on intermodal and bulk-industry competition.

Undergraduate Consultant | BDO — Digital & Technology Consulting

May 2023 – May 2024

- Ran 19 stakeholder workshops across every business unit up to CIO level to shape a private health insurer's data strategy, which was implemented alongside a new data governance steering committee.
 - Mapped customer personas and a customer journey through primary research, contributing to a 25% uplift in customer-satisfaction scores.
-

OTHER EXPERIENCE

- **Deloitte** — Technology Strategy & Transformation Intern (2023): Mapped processes across 5 business functions in Miro and Visio, cutting process cycle time by 33%.
 - **BDO** — Cybersecurity Intern (2022): Reviewed 200+ documents across four projects to confirm client compliance with ISO 27001, SOC 2 Type II, and CPS 234.
 - **BusinessOne Consulting** — Strategy Consultant (2022): Analysed 6 competitors in Australia's healthcare consulting market to sharpen the client's value proposition.
 - **ANZ Bank** — Technology Intern (2021): Produced configuration management and steering committee documentation to tighten project governance.
-

EDUCATION

Bachelor of Project Management (Major: Business Information Systems)

University of Sydney · 2021 – 2024
